# Sparkle Sparkle

*My students need sparkle paper to add some shine to their boards*

## My Students

With our school population of almost 800, 100% of the students are living in apartments. Our students come from a variety of different economic backgrounds with over 85% of our students receiving free lunch. Students have the option to receive free breakfast daily through a program at the school that is open to all students.

*Our school has a diverse population of students from various countries who speak a variety of different languages.*

**Mrs. Bako**

NEVER BEFORE FUNDED

Grades 3-5

Joseph E Thriot Elementary School  
Las Vegas, NV

More than three-quarters of students from low-income households ?

Many students will come to our school for the first time and never have learned to speak English. I have assisted our school in providing a variety of resources such as weekend food bags for students, free eye care and exams, dental screenings, a free food pantry and a clothing closet.

## My Project

My students need new art supplies such as sparkle paper to add some sparkle to their projects. I want students be able to use this paper for presentations and other art projects we do.

*Supplies are often limited become very expensive.*

This would be an item that would be hard for me to get a normal basis. I want the students to have a variety of resources so they can be proud of their projects. I would like to have other resources in the future that students will be able to use.

Thank you for wanting to support my sparkling students .

Donations to this project are now being matched, thanks to support from An Anonymous Arts Funder. Every child should have access to essential art materials and experiences. An education in the arts makes children well-rounded, engaged, and active citizens of the world. This project has been supported in an effort to ensure that all students gain from the many benefits that arts education provides.
